

Government of Canada Provides Business Loan to R.D.M. Group

November 1st, 2012 Beresford, New Brunswick.

R.D.M. is a group of three companies focused on industrial manufacturing. The group includes All-Tech Hydraulic & Mechanical Inc., Precision Machine Works Inc., and Protech Mechanical Inc. These three companies collaborate together to provide heavy manufacturing services to the Oil and Gas, forestry and Mining sector across the East Coast. The R.D.M. Group of Companies is always searching for innovative and more efficient methods of providing services to clients.

The Government of Canada has provided a Government Business Loan of \$84,600 in the form of an unconditionally repayable contribution to support the expansion of a building and to buy equipment through the Business Development Program. TAGS:
