Update for all Canadian small business owners **re: Small Business Grants and Loans.**

With only 15 business days left in the year 2015, we encourage any current or future business owners to get in touch with us and access any funding programs that their business may be eligible for.

Every year the government adds and removes programs that are available to small businesses for funding. Business owners that contact Canadian Grants Business Center before the end of 2015 will be able to access the information for the programs for both 2015 and 2016.

Don't delay! [Contact us now](#) to access the programs you may qualify for!
